Dr. Giat Chanit

Chicago Blvd. 905B, Haifa
Tel: 058-5444514, 04-8794402
gchanit@gmail.com

Education:

2006-2011 Technion, Ph.D in Electrical Engineering,
"Asymptotic Optimality of Priority Control Rules in Queuing Systems with Abandonment",
supervised by Prof. Rami Atar and Prof. Nahum Shimkin

2002-2005 Technion, Ms.C in Electrical Engineering,
" Ergodic Control and Heavy Traffic Limits"
supervised by Prof. Rami Atar

1998-2002 Technion, Bs.C in Electrical Engineering, cum Laude
Modules included: Computers, communication and signal processing

Academic Employment:

2011- Networks Researcher in Samla (National Laboratory), Rafael
Research subjects include: Network Operation Research, Network Defense
and Network Protocols Analyzing

2011 Lecturer in "Introduction to Control Theory", Rupin.

2010-2011 Lecturer in "Internet, Architecture and Protocols" , Technion.

2003 – 2010 Teaching Assistant in "Logic design", Technion.

2002-2003 Teaching Assistant in "Digital Systems", Technion.

Publication List is on a Separated Document
