## BIOGRAPHY

Hey there! I'm Amit Friedberg. As a dynamic and innovative full-stack web developer for the past 11 years, I am dedicated to providing top-notch web product development services to ambitious startup companies in the software industry. With a passion for crafting cutting-edge digital experiences, I strive to transform ideas into reality through seamless code and intuitive user interfaces. Explore my diverse projects and discover how my technical expertise and creative flair can elevate your business to new heights. I'm Skilled in JS, React, Vue, Styled Components, Nodejs, PostgreSQL, TypeScript, Webpack, mongoDb, Software Architecture, Atomic Design Methodology, TailWind/ChakraUI and more with every day. Let's collaborate and build the future together!
