

Avishay Zarad

PROFILE

I'm a Senior Python and Web Developer with more than 7 years of expertise, including knowledge in multiple frameworks such as React, Angular and D3js. I'm looking for a job as a Python or Web Developer.

EXPERIENCE

FULLSTACK DEVELOPER, SINGULAR LAB

2016 - PRESENT

- End to end development of customer facing projects while working hand in hand with both product and design teams.
- Taking part in developing efficient algorithmic solutions to otherwise difficult problems.
- Being a key partner in critical frontend-oriented infrastructure projects.

FULLSTACK DEVELOPER, IDF – UNIT 8200

2012 - 2016

- Technical leadership while working on a data science project of critical importance, used by data analysts.
- Development of a robust backend meeting a hefty demand for high performance, while exposing a coherent RESTfull API using python and flask.
- Development of a responsive client side with Intricate – yet succinct – data visualization capabilities, using AngularJS, AngularTS and d3JS.
- Direct involvement in designing various relational DB schemes

SKILLS

- Expert with Javascript, Python, AngularJS, React
- Extensible knowledge of SQL, D3js, flask, Django, webpack.
- Experienced working with Typescript, Java.
